

Thanks for your order. Here's how to get it on the wall.

Your download is a ZIP pack with the poster in four aspect ratios, all at print resolution (300 dpi), plus a bonus phone wallpaper. Pick the folder that matches the frame you want, take that one file to a printer, done.

Wallpaper

The 2 : 3 file is the original. The other ratios are trimmed very slightly at the top and bottom edges; the artwork was designed with bleed so nothing important is lost.

2 WHICH SIZE SHOULD I PRINT?

We've given you the largest file. Printing *smaller* is always fine — the printer just scales it down. Don't go *bigger* than the sizes above or the fine timeline text starts to soften.

STATEMENT PIECE

24 × 36 in / A1 / 50 × 70 cm. Above a couch, bed or desk. Every film title stays readable from across the room.

GALLERY WALL

A2, 18 × 24 in or 12 × 18 in. Mix with other frames; the detail rewards a closer look.

DESK / SHELF

A3, A4, 8 × 12 in or 5 × 7 in in a tabletop frame. Great as a gift.

3 WHERE TO PRINT

PRINT SHOP (BEST)

Officeworks, Snap, Kwik Kopy, Staples, FedEx Office. Put the file on a USB stick or upload online, ask for a **poster print on matte or satin paper** at your size. They'll trim it to the frame.

ONLINE PHOTO LABS

Snapfish, Shutterfly, Vistaprint, Printique, Nations Photo Lab. Upload, pick "poster" or "photo print" at the matching ratio, and it arrives at your door.

AT HOME

A4 / letter on any decent inkjet using heavier matte photo paper (200 gsm+). Pick "Fit to page" and the highest quality setting.

Turn off auto-enhance / auto-colour. Print kiosks and online labs often apply it by default; on a dark poster like this it lifts the blacks and shifts the colours. Choose "no corrections" / "print as is".

4 PAPER & FINISH

FINISH	LOOK	VERDICT
Matte	No glare, deep blacks, gallery feel	Best all-rounder for these dark designs
Satin / lustre	Slight sheen, punchier colour	Great behind glass
Glossy	Reflective	Skip — reflections fight the fine timeline text
Canvas / foam board	Frameless	Works well; ask for a "gallery wrap" or "mounted print"

Your purchase is a **personal-use licence**: print as many copies as you like for your own home, office or as gifts. Please don't resell the file or prints, upload it to print-on-demand sites, or share the download link. The download link in your receipt keeps working — open it any time for a fresh copy.
